

COMMUNITY SUPPORTS PROGRAM:

ELECTRONIC HOME MONITORING

King County's **Community Supports Program** provides needed services for youth who are involved or have been on electronic home monitoring.

Supports and services are provided through a partnership with community-based partners that work directly with youth and their families.

OUR SERVICES

- Educational support
- Mentorship
- Financial assistance
- Employment support
- Recreational activities under community supervision
- Transportation for needed services
- Referrals to complementary services
- Advocacy

Youth using **electronic home monitoring** live **at home** and wear an electronic monitoring device in the form of an ankle bracelet. This device allows youth under juvenile court supervision to **remain within their family unit** and **their permanent school** situation.
