

## **Instructions for Process Server**

### ***Service of the Notice to the Vulnerable Adult***

You are serving this notice and the accompanying documents on a vulnerable adult.

This notice is designed to explain the documents in plain language.

However, the vulnerable adult may not be able to read the document.

- Please discreetly ask the vulnerable adult if he or she would like to have the notice read aloud.
- If at all possible, serve the vulnerable adult when others are not present to overhear.
- If the vulnerable adult agrees to have you read the document, please read the document slowly and clearly.
- Please point out the name and phone number of the individual who can provide help with a disability accommodation. This information is provided on the last line of the second page of the Notice.

Thank you for your consideration.
