# Criminal Department Statistical Report

September 2020

Department of Judicial Administration

Prepared by: Shiquan Liao, Ph.D., Statistician

October 15, 2020

**Report #: CRM-2020-09**

# Criminal Statistics Summary

**NOTE: Washington State Supreme Court orders related to the coronavirus pandemic, beginning March 2020, affect the statistics for the foreseeable future.**

- **Filings**

  As shown in the first chart on page 4, the monthly filings vary considerably from month to month. A total of 498 criminal cases were filed in September 2020. Of the 498 cases filed, 39% were MRJC cases. The year-to-date average filing volume in 2020 was 489 cases per month, compared with 515, 511, 519, 532, 535, 562, 548 , 523 and 563 cases per month in 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018 and 2019, respectively.

- **Resolutions**

  Like the monthly filings, the number of criminal cases resolved per month also varies from month to month (monthly resolution pattern is shown on page 4). The number of resolutions in September 2020 was 358 cases. Of the 358 cases resolved, 38% were MRJC cases. The year-to-date average resolution volume in 2020 was 342 cases per month, compared with 539, 481, 502, 514, 549, 506, 525,481 and 494 cases per month in 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018 and 2019, respectively.

- **Pending Caseload**

  At the end of September 2020, the active pending criminal caseload is 5,736 cases, including criminal RALJ cases, higher than that in the previous months. Of the 5,736 pending criminal cases, 39% are MRJC cases. The breakdown of the 5,736 pending cases by crime category was: homicide (n=154), sex crime (n=559), robbery (n=286), aggravated assault (n=1089), burglary/theft (n=1568), motor vehicle theft (n=162), controlled substances – non-drug court (n=769), drug court (n=265), other felonies (n=807), and RALJ (n=77). **The increase in pending caseload is primarily due to the COVID-19 pandemic causing the court to issue many fewer bench warrants and to postpone jury trials, thus keeping these cases in pending active status.**

- **Age of Pending Cases**

  The median age (age for half of the pending cases) of pending cases are shown in Table 6. The median age of all active pending cases (excluding RALJ) at the end of September 2020 was 178 days. At the end of September 2020, 1459 non-drug court cases and 196 drug court cases still remained as active (unresolved) more than nine months since filing. Table 6 shows the number of active pending cases within pre-defined age intervals.

**Conclusion: The average monthly filings of criminal cases were 489 cases in 2020. The resolution pace was lower than the filing pace in the same time period, with an average of 342 cases per month. The pending caseload (including RALJ) for both SEA and the MRJC was 5,736 cases at the end of September 2020. The pending caseload at the MRJC were 2,216 cases (including 65 drug court cases) at the end of September 2020. About 39% of the total pending criminal cases were the MRJC cases.**

**Age of Pending Case**

Time (days) from filing to resolution, less suspense time if applicable.

**Age of Resolved Case**

Time (days) from filing to resolution, less suspense time if applicable.

**End Pending**

Number of pending cases at the end of reporting period.

**Net Change in Pending**

The change in number of pending cases (end pending minus previous pending).

**Pending Case**

A case is defined as pending if it is unresolved and not on suspense status.

**Previous Pending**

Number of pending cases at the beginning of reporting period.

**Reactivated Case**

A case returns to active from suspense status during the reporting period.

**Resolution**

A case is resolved if all issues in the complaint are fully adjudicated. However, a drug court case is reported as resolved only when dispositive document is also filed (completed).

**Resolution Category**

Five resolution categories are used to report resolution of criminal cases: jury trial (CVJV, AQJV), non-jury trial (CVCT, AQCT), guilty plea (GP, GPAT, GPJT), dismissal (DSM), and other (all other resolution codes). For criminal RALJ cases, the resolution categories are: RALJ decision (CDTA, CDTM, CDTR), dismissal (DSRM), and others (any other resolution codes).

**Suspended Case**

A case is placed in suspense status (removing from active) during the reporting period.

**Suspense Status**

A case is said to be on suspense status if it is on warrant or appeal.

**Suspense Time**

Time (days) a case is on suspense status.

# Figure 1. Number of Criminal Filings, Resolutions and Pending Caseload by Month

## Monthly Criminal Filings

## Monthly Criminal Resolutions

## Monthly Pending Criminal Cases

The highest crime category in a case's history is used to classify cases. For example, a case charged with homicide at any time in the case's history is reported as a homicide regardless of whether the charge is reduced at resolution.

"Controlled Substance - Non Drug Court" are drug related cases that have never been accepted into drug court.

"Drug Court" are cases that have been formally accepted into drug court (identified by orders).

The highest crime category in a case's history is used to classify cases. For example, a case charged with homicide at any time in the case's history is reported as a homicide regardless of whether the charge is reduced at resolution.

"Controlled Substance - Non Drug Court" are drug related cases that have never been accepted into drug court.

"Drug Court" are cases that have been formally accepted into drug court (identified by orders).

(*) The highest crime category in a case's history is used to classify cases. For example, a case charged with homicide at any time during the case's history is reported as a homicide regardless of whether the charge is reduced at resolution.

(**) Due to small number of resolutions in this category, the age statistics for homicides are expected to vary considerably.

"Controlled Substance - Non Drug Court" are drug related cases that have never been accepted into drug court.
"Drug Court" are cases that have been formally accepted into drug court (identified by orders).

(*) Information from filing to the reporting time is used to determine crime category for pending cases. The category for a case in this table is the highest crime category since filing. For example, a case initially charged with homicide is reported as a homicide regardless of whether or not the charge is reduced since filing. On the other hand, if the charge for a case is upgraded later, then the reporting category in later reports will reflect the upgraded (higher) crime category.

Drug court cases are identified by orders.

(*) The highest crime category in a case's history is used to classify cases. For example, a case charged with homicide at any time during the case's history is reported as a homicide regardless of whether the charge is reduced at resolution.

"Controlled Substance - Non Drug Court" are drug related cases that have never been accepted into drug court.
"Drug Court" are cases that have been formally accepted into drug court (identified by orders).

(*) The highest crime category in a case's history is used to classify cases. For example, a case charged with homicide at any time during the case's history is reported as a homicide regardless of whether the charge is reduced at resolution.

"Controlled Substance - Non Drug Court" are drug related cases that have never been accepted into drug court.
"Drug Court" are cases that have been formally accepted into drug court (identified by orders).
