

Eastlake Layover Facility

March 2024

King County
METRO

Moving forward together

Notice of upcoming construction

As soon as Thursday, March 7, crews are scheduled to place traffic controls and begin work to install underground utilities on Republican St between Eastlake Ave E and Yale Ave N. During this work, the north sidewalk of Republican St will be closed to people walking and rolling. Republican St will also be closed to westbound traffic between Eastlake Ave E and Yale Ave N. This work is expected to last through early April.

During this work:

- ▶ Republican St will be closed to westbound traffic between Eastlake Ave E and Yale Ave N. Eastbound traffic will remain open.
- ▶ Travelers on Eastlake Ave E can access Republican St by turning either right (southbound) or left (northbound) on Harrison St and turning right on Yale Ave N.
- ▶ Access to businesses and residential buildings will be maintained.
- ▶ Access to the alley between Eastlake Ave E and Yale Ave N will also be maintained.

PLEASE NOTE: Construction schedules may shift due to inclement weather, delays with material shipments, or other unforeseen circumstances.

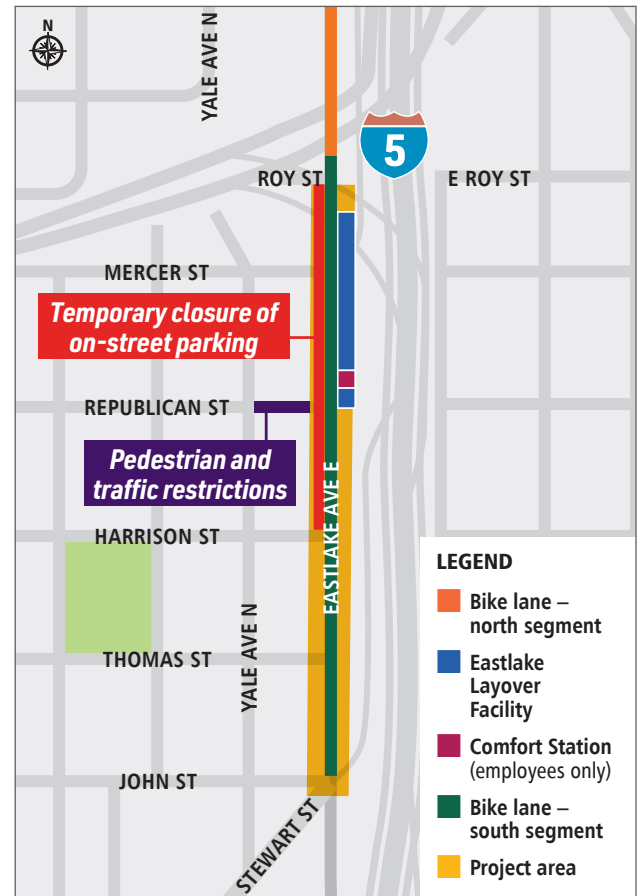

What to expect

Construction on the Eastlake Layover Facility will continue through the summer. Typical work hours are Monday through Friday, 7 am to 4 pm. Some nighttime and weekend work may be required. You can expect:

- ▶ Temporary parking restrictions
- ▶ Periodic lane closures
- ▶ Flaggers to direct traffic around the work areas
- ▶ Detours for people walking, rolling, and biking
- ▶ Construction staging and parking impacts near the construction site
- ▶ Some sidewalk, intersection and lane closures
- ▶ Typical construction impacts, such as noise, truck activity and dust and debris

Project background

To keep everyone safe on the streets in this location, King County Metro is building a facility on the east side of Eastlake Avenue East, next to Interstate 5 between Roy and Republican streets. When built, the facility will accommodate 11 bus layover spaces and provide a place for bus operators to take breaks and access safe restroom facilities. This is an increasingly busy corridor, where people driving vehicles, walking, or rolling intermix with buses on layover. Please visit the [Eastlake Layover Facility project website](#) to learn more.
